About the Arizona Wind Symphony: Its mission, scope of activities, and its impact

AWS Mission: To create opportunities for lifelong musical expression, education, cultural enrichment and artistic-educational growth for its members, audience, and community. To explore and share the value of music and the arts through collaborative projects with regional and national guest artists.

AWS Scope of Activities: AWS is an Arizona non-profit corporation organized and operated for cultural purposes, primarily operating an adult concert band that performs at least on five occasions throughout the year (October through May).

AWS Impact: AWS continues to perform for large and diverse audiences. Most recently, AWS had two sold-out concerts during the 2023-2024 season, and they marked the most successful concert attendance on record since 2007, when AWS began its residency with Tempe Center for the Arts (TCA). Audiences are multi-generational in scope. Concert themes and repertoire includes performing quality literature that comes from a diverse range of genres, from classical to contemporary. Furthermore, AWS impacts the community by collaborating with various performing artists. In the 2023-2024 season, AWS collaborated with the Phoenix Swing Project, MAC & Co Contemporary Dance, Motown Artist - Sandra Bassett, Opera Tenor - Antonio Lozano, and Violinist - Taylor Mitchell. The 2024-2025 season will include the 108th Army Band - Front Line Jazz Combo, nationally acclaimed saxophonist - Jonathan Bergeron, Celtic Steps Arizona, Motown Artist Sandra Bassett, and others.

Why is the Arizona Wind Symphony seeking this opportunity?

In keeping with the AWS Mission since 2000, our organization seeks to positively impact the next generations of musicians and audiences within our community and beyond. To accomplish that, your financial support significantly contributes to AWS's fiscal stability and provides opportunities for further growth and success. AWS has had the privilege of being a Resident Company at TCA since they opened their doors in 2007 and has created an enthusiastic audience that continues to grow in this world-class venue. Below are more specific ways that your financial contribution will benefit AWS.

- Colored concert programs that includes next season's business advertisements
- New music for the upcoming season
- Guest artists that are featured for each concert
- Audio recordings
- Video recordings
- Licensing fees
- Multi-media presentations that add visual enhancement during performances
- Rehearsal & performances fees at the Tempe Center for the Arts
- Future travel opportunities beyond the the five standard TCA performances
- Commission project to be premiered for the AWS 25th Anniversary
- Additional goodwill collaborations within the Greater Phoenix area and beyond
